**Subject:** Non-Title V

Becky-

Here are the current discussions regarding Non-Title V. Some of the options at play are to do a fee increase on all of the non-SM80 permits. Another would be to tier them. Another heads up for you on something that could happen so I don't dump it all on you around Christmas.

**Non-Title V**

Like Title V, the non-Title V program is facing a funding shortfall. Among the options for consideration is an increase in the fees in place for non-Title V permits.

As I understand it, under current law permits and fees look like this:

Synthetic Minor 80 - \$4,100

Synthetic Minor - \$300

General Operating Permit - \$300

State Operation Permit - \$300

Registration Operation Permit - \$300

I did a very basic review of statutes impacting these fees. If the administration goes in a direction that would increase any of these fees to make them more tiered as well I would see the need to define them as well.

This one is, I think, more straightforward than the Title V. Again, non-legal eye disclaimer. I haven't received any direction at all on this from the administration. I inserted this one as a "medium" priority because I think it more likely for the short term this biennium that a transfer from the Environmental Management Account be made to the non-Title V program. If that is the case, then I would imagine the easiest way to achieve that would be to create a new chapter 20 SEG appropriation in DNR from the environmental fund similar to what is in s. 20.370(2)(bh).

**Subject:** BB0246 - Non Title V Source Fees

Becky-

The Governor's decision on the non-Title V fees was to increase the fee charged to the sources that aren't Synthetic Minor 80 sources from \$300 to \$725. So, we will need the draft for that. Let me know if you have any questions.

RCT. 1/6 f

DOA:.....Stinebrink, BB0246 - Fees for state air permit sources

**FOR 2013-2015 BUDGET — NOT READY FOR INTRODUCTION**

Don't Gen

1 **AN ACT** ...; relating to: the budget.

*Analysis by the Legislative Reference Bureau*

**ENVIRONMENT**

**AIR QUALITY**

Under current law, owners of facilities that cause air pollution are required to obtain permits from DNR. The law imposes fees on owners of these facilities. The fee for most facilities that are required to have permits under state law, but not under federal law, is \$300 per year. This bill increases the fee for for these facilities to \$725 per year.

FE-S

***The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:***

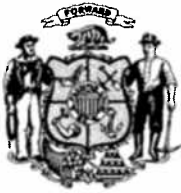

2 **SECTION 1.** 285.69 (2m) (a) of the statutes is amended to read:  
3 285.69 (2m) (a) The owner or operator of a stationary source for which an  
4 operation permit is required under s. 285.60 but not under the federal clean air act

- ✓ ✓
- 1 shall pay to the department a fee of ~~\$300~~ \$725 per year, except as provided in par.
- 2 (b).
